

# NUMERACY - UNDERSTANDING HOW CHILDREN LEARN MATHEMATICS

**A FREE SEMINAR FOR PARENTS**

**Thursday 27 August 2009 11.00am - 12.30pm**

Dodemaide Hall, Buckley House  
The Ridgeway, Ivanhoe

Ivanhoe Grammar School invites you to attend our next Community Seminar: "Numeracy – Understanding How Children Learn the Four Operations in Mathematics". The session is for parents of primary aged children and will focus on helping parents to understand the stepping stones involved in learning the four operations of mathematics – addition, subtraction, multiplication and division.

The seminar will be presented by Russell Feben, Deputy Head of Buckley House, and Rhonda Chandler, a specialist maths teacher. It will provide parents of primary aged children with practical ways to support their child's mathematical development at home.

**Bookings essential** - RSVP by Friday 21 August to Ms Terry Kitchen on 9490 3401 or [terry.kitchen@ivanhoe.com.au](mailto:terry.kitchen@ivanhoe.com.au)  
**Places will be limited.**
