FREQUENTLY ASKED QUESTIONS

What can my child do to prepare?

The test is designed to assess skills the student has been developing during their years at school. These skills include:

- the ability to interpret, infer, deduce, and think critically.
- comprehension skills
- problem solving skills
- reasoning skills

The test is not curriculum based and does not test the ability to retrieve learned knowledge, so there is no advantage in trying to 'cram' for the test. Being relaxed and calm is most important.
